

Zipper's Muscle 103" Kit

Muscle 103" Kit

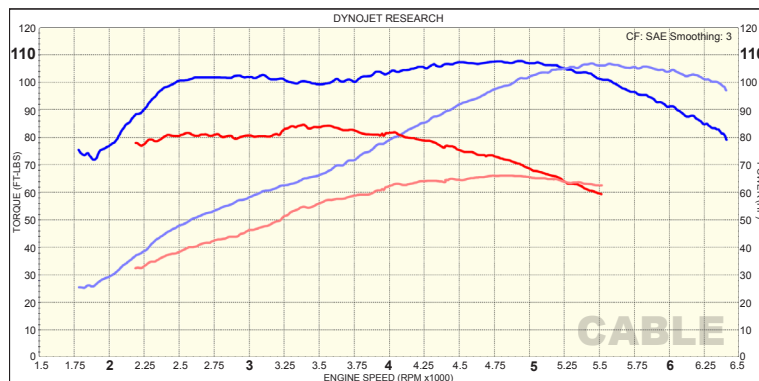

Watch Your Riding Buddies in Your Rear View Mirror with the Zipper's Muscle 103" Kit for Harley-Davidson® Twin Cam® Engines! Everything you need for big power and performance gains packaged in a single part number... *We've done all the engineering for you!* The Zipper's Muscle 103" Kit represents years of research and development. The result is an easy to install kit that produces outstanding results while maintaining Zipper's legendary commitment to engine durability. The Zipper's Muscle 103" Kit is designed for use with high octane pump gas and transforms your stock Twin Cam® engine with a smooth, linear power curve you can feel at any twist of the throttle. This kit is a "drop on" package, and comes complete with Zipper's high flow CNC-ported heads and chambers, precision cylinder boring and honing with forged pistons, Red Shift® performance cams and dual-piston cam chain tensioners, a ThunderMax® with AutoTune and MaxFlow air cleaner assembly.
