

# Zipper's Super-Hammer 1200 Kit for Carbureted Models

## Super-Hammer 1200 Engine Kit

*We are proud to say we offer the most powerful and complete 1200 product hop-up kit available!*

### '91 XL w/Thunderheader Exhaust

**The Super-Hammer delivers BIG POWER without the complexity of building a big bore engine.** The Super-Hammer 1200 is a top end and cam kit, supplied with extensively modified big-valve heads that have received the full Zippers CNC porting treatment. After porting, the heads are fitted with Step-Lock guides, oversize valves, Viton® seals and high performance springs with titanium collars. The cylinders are torque-plate honed and precisely fitted with forged 10.5:1 pistons, and Red Shift 567 cams are installed and timed on the factory cam gears. Chrome moly pushrods, a telescoping pushrod cover kit and a top quality gasket kit are supplied for re-assembly. To provide proper fuel and ignition curves, a Mikuni HSR42 carburetor with a Zipper's High Flow air cleaner and Zipper's adjustable ignition are included, set up for the kit.

**This kit is ideal for the Sportster owner who wants a true max output 1200, suitable for everyday use.** Excellent power throughout the entire RPM range is what this kit offers; we've applied our extensive

experience in cylinder head and camshaft design to this package for **Torque And Horsepower That Is Head And Shoulders Above The Rest!**

'91-'99	'00-'03	'04-'06	DESCRIPTION
#517-230	#517-232	#517-236	Super-Hammer kit f/XL1200
